DEAS - Data Economy Alps Strategy

To stimulate participation, competitiveness and new business in Alpine Space

DEAS project presentation

Veneto Region – Roberto Sandrini – DEAS project manager

DEAS aimed:

- to improve the value of using open data for public services and business
- to focus on alpine strategic sectors, such as climate protection, tourism&culture and mobility
- to increase the availability (quantity and quality) of OD exposed in the manner of API
- to boost the creation of new disruptive and customer-oriented services/products for citizens, tourists and entrepreneurs.

INNOVATIVE

Funding

Total eligible costs:	2.253.540 EUR
ERDF grant:	1.915.509 EUR

Duration

Project start date:	01/10/2019
Project end date:	30/06/2022

City of Ljubljana

1. AS Methodology to exploit Open Data application: a) analysis of existing OD/LOD data set; b) identification via co-creation of new relevant OD on territorial needs; c) to raise quality of collected OD;

2. Platform collecting EU/regional OD and working with Application Programming Interface: integration of existing or new generated OD according to the sectors selected, actors 'needs and alpine peculiarities

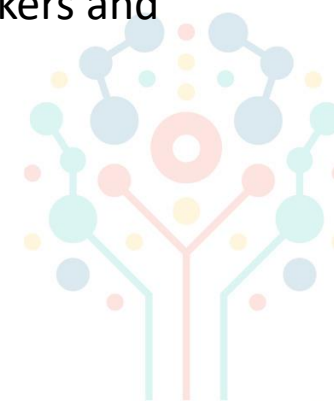

Main results

3. Toolkit to support the provision of OD-based services addressed to the quadruple helix to raise awareness and competitiveness and to attract investment;

4. DEAS Strategy for OD/LOD exploitation to boost Data economy in AS for the policy makers and stakeholders (OP ERDF 2020+ AS Digital Agenda, Data Economy, etc),

5. DEAS Federation to assure durability of DEAS Platform and follow-up actions

The international cooperations for OPEN DATA in Veneto Region

The implementation of the digital Agenda in Veneto

2015	2019	2023	2024
<p>Law no. 662 of 12/23/96. Framework Program Agreement on e-Government and the Information Society in the Veneto Region signed on 28/09/04. Reprogramming of economies based on the FAS 2000 - 2006 in implementation of CIPE resolution no. 41/12. Concession of grants for the creation of digital laboratories (c.d. FabLab) in Veneto in implementation of the DGR n. 1475 of 08/12/13</p>	<p>POR FESR Veneto 2014-2020. Axis 2. Action 2.3.1 Call for proposal for the establishment of Innovation Labs aimed at consolidating/developing the "Centri P3@-Palestre Digitali" network and disseminating the culture of Open Data</p>	<p>Recovery and Resilience Fund – Italy implementation of the “Network of digital facilitation services” relating to Measure 1.7.2 of the PNRR, as a natural continuation of the strategies and the initiatives already implemented with the Innovation Lab tender (DGR n.291 of 03/19/2019).</p>	<p>POR FESR Veneto 2021-2027 ii) 2. Action 1.2.3 Enhance the digitalisation processes by citizens, enterprises strengthening the Innovation Labs and the Digital Gyms as open innovation opportunities to combine OD with AI according to NEB principles</p>
<p>Promote the establishment and activation in Veneto of a network of so-called FabLab - Fabrication Laboratory, understood as centers equipped for digital manufacturing as well as meeting and relationship places for the promotion of digital culture for the benefit of citizens and businesses</p>	<p>The intervention aimed to create Innovation Labs, or to give birth and spread throughout the territory region, meeting and participation places active, for the dissemination of the culture of Open Data in a perspective of Social Innovation. It is about creating real physical places, which act as intermediary poles between the requests/proposals/initiatives of Social Innovation expressed from the territory</p>	<p>The Digital Facilitation Services Network Project intends to enhance the “Innovation Lab e the Digital Gyms” (with the “Hub&Spoke” reference model), whose points created must become a part an integral part of the facilitation centers network (principle of maintaining the existing) to enhance the infrastructural investments and the social network of subjects already involved in previous initiatives.</p>	
<p>2 Meuro</p>	<p>7 Meuro</p>	<p>9.687.151,20 €</p>	<p>10 Meuro</p>
<p>18 FABLAP ESTABLISHED</p>	<p>10 INNOVATION LAB ESTABLISHED</p>	<p>234 centres established; 200.000 citizens trained</p>
