FONDAZIONE MONTAGNA SICURA

Instituted with the Law of the **Autonomous Region n. 9/2002** - for safety in the mountains

Partners :

Missions:

- RISKS & CC
- GLACIOLOGY / GLACIERS RISKS
- SNOW & AVALANCHE
- SOUSTAINABLE DEVELOPMENT; Espace Mont-Blanc
- MOUNTAIN MEDICINE
- SAFETY IN THE MOUNTAIN

Research & Training

Project TEAMM (TRANSITION ÉCOLOGIQUE ET ADAPTATION DES MÉTIERS DE LA MONTAGNE)

Partners: AFRAT (FR)
Fondazione Montagna sicura (IT)

Objective: understand the impact of climate change on the evolution of mountain professions in France and Italy and to propose training courses at cross-border level.

Main actions

- online survey
- Workshop day Chambery 2022
- nr 2 participatory workshops

→ final roadmap

The final goal is to contribute to the evolution of continuing training in mountain professions in order to better adapt to the effects of climate change.

Synthèse et Feuille de route

TRANSITION ÉCOLOGIQUE ET ADAPTATION DES MÉTIERS DE LA MONTAGNE

- ✓ CHANGEMENT CLIMATIQUE
- ✓ COMPÉTÉNCES
- ✓ MONTAGNE
- ✓ COOPÉRATION
TRANSFRONTALIÈRE

 Erasmus+

New outcoming Project TIMT (Training Innovation for Mountain Transition)

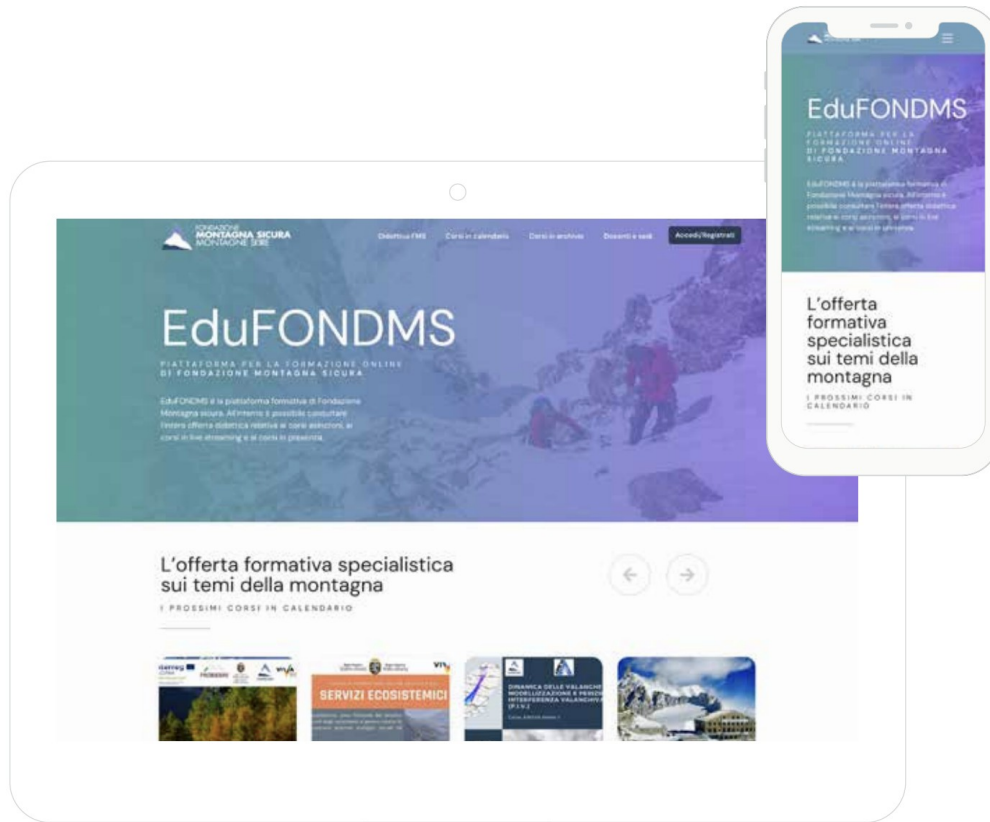

Objective: to design an innovative training course to meet the skills needs identified by mountain professionals and the need to adapt training courses.

Partners: AFRAT (FR)
Fondazione Montagna sicura (IT)

Main actions

- The realization of a benchmarking of actors and existing training courses in the countries of the Alpine arc.
- The identification of training courses for mountain professions integrating aspects of transition and European training actors, future partners of AFRAT and FMS.
- The development of a training module responding to the needs of adapting the skills of socio-professionals in the mountains to the challenges of transition

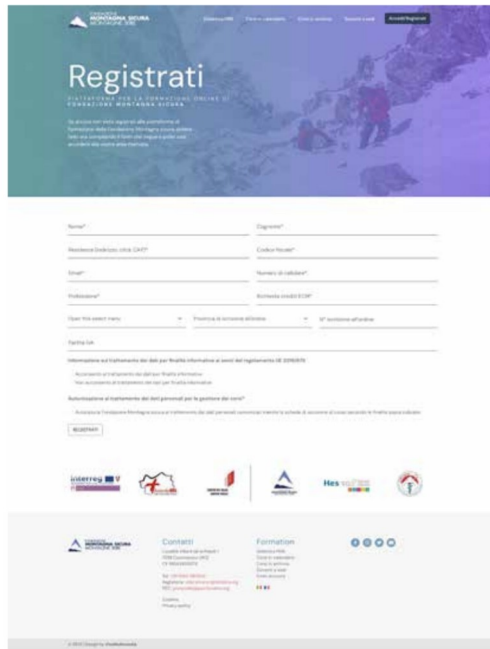

EduFONDMS is the online training platform of the Safe Mountain Foundation.

It is possible to find the entire educational offer

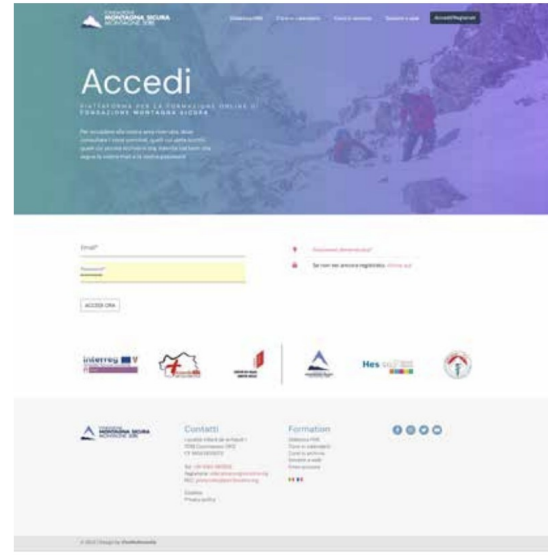

- online courses
- live streaming courses and
- in-person courses
