

DIGITAL ALPS CONFERENCE

digitalalps.eu

Leila Izard Vera, representing Switzerland in the EUSALP Youth Council

- The **Youth Council** proposes concrete actions and projects to the General Assembly and contributes to EUSALP priorities and policies.
- Milano, November 2022: "Ready to Stay?"
- For 2023-2024, the Youth Council aims to collaborate in projects to:
 1. Fit the education system in the Alpine region to the demands of the Alpine labour market;
 2. Improve the attractiveness of the Alps for students and young professionals.

Digitalisation in the Alpine region is inspiring by the potential of progress and growth these innovative tools can bring to the Alps.

- **Remote working** will help youth living in hard-to-reach mountain regions can avoid long transport time and be more flexible in their work schedule.
- All youth living in the alpine region should have access to education in **digital tools**:
 1. **Marketing and communication** skills to value and promote traditional Alpine products and crafts;
 2. How do we get there ? **Digital rural game** example.
